TUNAP – WHO WE ARE

Consulting, research, development and production from a single source.

TUNAP is leading in innovation and technology for chemical products. Our particular strengths lie in the fields of greases, oils, pastes and cleaners. We have been valued by our renowned customers in the industry for over 40 years, and we are proud of our continuous, above-average growth.

Our ideas and concepts bring long-lasting improvements to the commercial success of our customers in a flexible and solution-oriented manner. TUNAP provides a complete consultancy concept, from business consultancy via technical product training through to the safe handling of chemicals.

As a manufacturer of chemical products, TUNAP is aware of its special responsibility. We are certified according to the ISO 9001 (quality management), ISO 14001 (eco-audit) and OHSAS (safety management) standards. Furthermore, TUNAP is a participant in the Environmental Pact of Bavaria and is designated as an ÖKOPROFIT® (Eco profit) company.

In order to continuously expand our knowledge and to play an active role in shaping our environment, TUNAP is a member of, amongst others, the Bundesverband deutscher Industrie- und Handelsunternehmen (Federation of German Industries and Trading Companies), the Industriegemeinschaft Aerosol (Aerosol Industrial Community), the Verband der Chemischen Industrie e.V. (Chemical Industries Association), the Verband Schmierstoff-Industrie e.V. (Industrial Lubricant Association), the European Lubricating Grease Institute and the Deutsches Institut für Normung (German Institute for Standardisation).

The headquarters of TUNAP is in Wolfratshausen. Other production sites, mainly for aerosols, are located in Lichtenau and Märstätten (CH). TUNAP has a total of 21 subsidiaries in Europe, Asia and America.

More information can be found at: www.tunap.com
TUNAP | CORE COMPETENCIES

FIRST-CLASS, TESTED QUALITY
HIGHEST LEVEL OF RESEARCH AND DEVELOPMENT
MANUFACTURING WITH DIFFERENT PRODUCTION LINES
CHEMICAL COMPLIANCE
SKILLED TECHNICAL CONSULTATION
PRODUCT TRAININGS
CUSTOMIZED PRODUCT SOLUTIONS

OUR COMPETENCY FOR YOUR SUCCESS
With a broad and deep range of special lubricants, release agents and cleaners, TUNAP meets the high individual demands of the plastics industry. The different process parameters in the production of plastics require high demands on the care and maintenance of machines, tools and moulds.

TUNAP has met these demands with high-performance products for lubrication, maintenance and cleaning for many years. Our products make a valuable contribution to extending the life of your machinery and to reducing maintenance cycles.

See for yourself!

TUNAP is an active member of the company network Innonet® Plastics as well as of the Plastics Cluster Austria.

We are always happy to answer your questions: industry@tunap.com

## Areas of Application

### General Maintenance
- **Tungard MP**
- **TunPAS WP**
- **TunPAS Al**

### Sliding Guide
- **Tungrease 400**
- **Tungrease CSH-Series**

### Guide Elements
- **Tungrease 400**
- **Tungrease CS-Series**

### Granulate Storage
- **Tunsolve 915**

### Ejector Pins/Sliders
- **Tungrease 400**
- **Tungrease 300-Series**
- **Tungrease CS-Series**
- **Tungrease SG**

### Cooling Holes
- **Tunpro WO**

### Nozzles / Bolted Connections
- **TunPAS WP**
- **TunPAS Al**

### Tool Cleaning
- **Tunclean 895**
- **Tunclean FDB**
- **Tunclean FG 215**
- **Tunsolve 915**

### Tool Care - Protection
- **Tunpro WK**
- **TunSlip SF**
- **Tungard FD**

### Greases
- **Tungrease SG**
  - 11ACF13127G0001: 100 g dispenser
  - 11ACF13027G0001: 100 g can
  - 11ACF13027A0100: 100 ml aerosol
  - 11ACF13027G0010: 1 kg can
- **Tungrease 300-Series**
  - 11ACF13014G0008: 800 g cartridge
  - 11ACF13014G0010: 1 kg can
  - 11ACF13014G1100: 10 kg pail
- **Tungrease 400**
  - 11ACF13400G0001: 100 g can
  - 11ACF13400G0010: 1 kg can
- **Tungrease CS-Series**
  - 11ACF13033G0001: 100 g dispenser
  - 11ACF13033G0004: 400 g cartridge
  - 11ACF13033G0010: 1 kg can
  - 11ACF13033E0100: 25 kg pail
  - 11ACF13033G1800: 180 kg barrel
- **Tungrease CSH-Series**
  - 1100759: 100 g dispenser
  - 11ACF13005G0004: 400 g cartridge
  - 11ACF13005G0010: 1 kg can
  - 11ACF13005G0250: 25 kg pail
  - 11ACF13005G1800: 180 kg barrel

### Maintenance Products
- **TunSlip SF**
  - 11ACK21252A0400: 400 ml aerosol
- **TunPAS Al**
  - 11ACD12002A0400: 400 ml aerosol
  - 11ACD12002G0010: 1 kg can
- **TunPAS WP**
  - 11ACD12252G0001: 100 g tube
  - 11ACD12252G0010: 1 kg can
  - 11ACD12252E0200: 20 kg pail
- **Tungard MP**
  - 11ACH20300A0400: 400 ml aerosol
- **Tungard FD**
  - 11ACH20301A0400: 400 ml aerosol
- **TunPro WO**
  - 11ACH20550A0400: 400 ml aerosol
- **TunPro WK**
  - 11ACH20982A0400: 400 ml aerosol (red)
  - 11ACH29821A0400: 400 ml aerosol (colourless)

### Cleaners
- **Tunclean FDB**
  - 11ACH21794A0500: 500 ml aerosol
- **Tunclean FG 215**
  - 1100197: 500 ml aerosol
- **Tunclean 895**
  - 11ACH21364A0500: 500 ml aerosol
  - 11ACH21364L0050: 5 l canister
  - 11ACH21364L0200: 20 l canister
  - 11ACH21364L2000: 60 l barrel
- **Tunsolve 915**
  - 11AFX91500500A: 500 ml aerosol
  - 11AMF91500F60AB: 60 l barrel
  - 11AMF91500L2000: 200 l barrel
### TUNGREASE 300-SERIES - FLUOROCARBON GREASES

**PRODUCT DESCRIPTION**
High temperature-resistant, chemically inert fluorocarbon grease for universal use - with a high solid lubricant proportion

**PERFORMANCE**
- High load carrying capacity
- Extremely resistant to high temperatures
- Resistant to aggressive media
- NSF H1 registered (136528)

**APPLICATION**
Lubrication of heavily loaded ejector pins, sliders, etc. in combination with high temperatures and high temperature applications of roller, plain and ball bearings in an aggressive or solvent-containing environment

### TUNGREASE 400 - FLUOROCARBON GREASE

**PRODUCT DESCRIPTION**
Extremely high temperature-resistant fluorocarbon grease with a high proportion of solid lubricants

**PERFORMANCE**
- Very high load carrying capacity
- Extremely resistant to high temperatures

**APPLICATION**
Lubrication of heavily loaded components such as punches and columns in combination with high temperatures

### TUNGREASE CSH-SERIES - HIGH-PERFORMANCE GREASES

**PRODUCT DESCRIPTION**
High performance greases based on a special complex soap and synthetic base oils with high base oil viscosity

**PERFORMANCE**
- Very high load carrying capacity
- Reduces friction and wear
- Low friction coefficient
- Very good corrosion protection
- Cold and hot water-resistant
- Excellent lubricating properties
- Clean application
- NSF H1 registered (147280, 137582)

**APPLICATION**
Lubrication of sliders, sleeves and guiding elements, cooled tool, bearings and robotic units with higher pressures

### TUNAP | MAINTENANCE PRODUCTS

**TUNSLIP SF - RELEASE AGENT**

**PRODUCT DESCRIPTION**
Silicone-free release agent and lubricant with additives

**PERFORMANCE**
- Very good material compatibility with plastics
- Very good aging stability
- No gumming and adhesion
- Transparent and non-polluting
- Prevents static charge
- High wetting power

**APPLICATION**
Demoulding of thermo plastics and thermo sets

---

**TUNPAS WP - METALLFREE PASTE**

**PRODUCT DESCRIPTION**
Metal-free, white multi-purpose paste, based on synthetic oils, inorganic thickener, white solid lubricants and synergistic inhibitors effective against oxidation, corrosion and wear, especially against fretting corrosion

**PERFORMANCE**
- Extreme load carrying capacity
- High temperature-resistance
- High separating effect even on static loads
- Prevents stick/slip effects
- Very good compatibility with plastics
- Very good protection against corrosion and fretting

**APPLICATION**
Separating lubrication of moulds and tools
For high-pressure and high-temperature applications Screw and flange connections on cylinder heads, nozzles and non-return valves of augers, etc.

---

**TUNPAS AL - ALUMINIUM PASTE**

**PRODUCT DESCRIPTION**
Metal-containing, silver-coloured multi-purpose paste based on synthetic oil and special micromised metal powder

**PERFORMANCE**
- Extreme load bearing capacity
- High temperature-resistance
- High separation efficiency, even with static load
- Adherent
- No oil carbon build-up at high temperatures
- Prevents stick/slip effects
- Very good protection from corrosion and fretting

**APPLICATION**
Base and separating lubrication of moulds and tools
For high-pressure and -temperature applications Screw and flange connections on cylinder heads, nozzles and non-return valves of augers, etc.

---

**TUNGARD MP - RUST REMOVER**

**PRODUCT DESCRIPTION**
Rust dissolving, synthetic multi-fluid with OMC2 technology for general maintenance tasks

**PERFORMANCE**
- High creep and penetration capacity
- High lubricating effect
- Very good protection against corrosion
- Very well tolerated by humans since solutions with no n-hexane are used

**APPLICATION**
Disassembly of parts which are rusted, burnt and stuck together
Lubrication of bolts, connectors and all moving parts

## TUNGARD FD - MULTI FUNCTION OIL

### PRODUCT DESCRIPTION
Colourless synthetic oil with multi-function additives against wear, aging, oxidation and corrosion; particularly for non-ferrous metals

### PERFORMANCE
- Very good lubricating effect
- Very good penetrating properties
- Good protection against corrosion
- Colourless, non-staining
- NSF-H1 registered (128920)

### APPLICATION
- Disassembly of parts which are rusted, burnt and stuck together
- Lubrication of bolts, connectors and all moving parts

## TUNPRO WO - CLEANING AND PROTECTIVE FLUID

### PRODUCT DESCRIPTION
Low-viscosity cleaning and protective fluid based on fatty acids and highly effective corrosion protection agents

### PERFORMANCE
- Dissolves fretting corrosion and corrosion residues
- Good temporary protection against corrosion
- Dewatering effect
- Dissolves lime residues

### APPLICATION
- Temporary protection against corrosion of spraying and pressure casting tools
- Cleaning and preservation of cooling holes

## TUNPRO WK - CORROSION PROTECTION

### PRODUCT DESCRIPTION
Corrosion protection wax for sealing and preservation

### PERFORMANCE
- Safe long-term protection against corrosion
- Excellent water-resistance
- Good spreading capacity
- Low melting point, therefore easy depreservation when starting up tools after few shots
- Available in red colour for easier detection

### APPLICATION
- Long-term corrosion protection of moulds and dyes

### TUNCLEAN FDB - VOLATILE CLEANER

**PRODUCT DESCRIPTION**
Solvent cleaning fluid based on pure hydrocarbons for the food and beverage industry

**PERFORMANCE**
- Good cleaning power through extended reaction time
- Higher flashpoint than conventional products
- Evaporates residue-free
- NSF H1 registered (135010)

**APPLICATION**
For cleaning moulds and tools in physiologically and ecologically sensitive areas
All applications where the use of easily and highly flammable products is undesirable
Also for cleaning of plastic components

### TUNCLEAN FG 215 - SPECIAL FLUID

**PRODUCT DESCRIPTION**
Fast evaporating cleaning fluid with excellent penetration properties

**PERFORMANCE**
- Fast flash-off time
- Strong dewatering effect through excellent penetrating properties
- Very good compatibility with common plastics
- Residue-free
- InS H1 registered (1796740)

**APPLICATION**
For maintenance, repair and installation of components with high grease residues
Parts which accidentally might come into contact with food
Also for cleaning of plastic components

### TUNCLEAN 895 - VOLATILE CLEANER

**PRODUCT DESCRIPTION**
Highly volatile cleaner on a hydrocarbon and alcohol base with a high acetone content

**PERFORMANCE**
- Very good cleaning power due to high acetone content
- Temporary protection from corrosion despite residue-free cleaning

**APPLICATION**
For removal of gumming, residues of plastic condensate, oil and silicone
For extremely oily/greasy components

### TUNSOLVE 915 - SAFETY CLEANER

**PRODUCT DESCRIPTION**
n-hexane-free, non-aromatics highly volatile cleaner

**PERFORMANCE**
- Reduces the risk of fire and the consequences of fire, thus approved for the mining industry
- Recommended product in accordance with the Ordinance on Hazardous Substances (Protection level 2 “Standard Measures for Protection against Damage”)
- Residue-free cleaning
- K1 registered cleaner (151673)

**APPLICATION**
For degreasing of all metal components
For heavily contaminated or oily/greasy components
